EXPLANATORY NOTE.

The following Index is arranged in two parts; *i.e.*, the male and female names are in two separate, classified lists. The first column of figures relates to the Marriage Intentions, the second column to the Marriages; these records are kept in different books, each with its own consecutive numbering.

Where in the first column three stars appear (***), it signifies that the Intention notice was given in some place other than Boston; when that place is known, it is given underneath the stars. When a year date (1893) is joined to a date by a brace, — as $\left\{ \begin{smallmatrix} 1893 \\ 43 \end{smallmatrix} \right\}$ —, it means that the marriage took place, and is recorded in the book for, the year 1893, though the Marriage Intention was recorded in 1892. In the same manner, 1891 joined to a date in the first or Intention column, means that the Intention was recorded in that year though the marriage was solemnized in 1892.

When the Marriage number is followed by a star (say 50*), it means that the marriage occurred outside of Boston, and is entered on our record of Out-of-town Marriages, kept in a special book with its own numbering.

It will be noticed that some five or six per cent. of the Intention numbers lack the corresponding Marriage numbers. In many of these cases no marriage took place; but in many other instances, the clergyman or justice has neglected to return the certificate. In a few cases, by a similar neglect, no Intention number is given to a name. This means that out-of-town parties were married in Boston, but no copy was made by the justice or minister of the name of the town or city clerk who issued these certificates of Intention. *I earnestly request all persons who find their marriage unrecorded in this list for 1892 to communicate with me at once.*

WILLIAM H. WHITMORE,
City Registrar.

The running-title, pp. 1-64, should be:
